In Your Own Kitchen, When You Use A

Pilgrim Acorn Steel Range

"Bake in a slow oven one hour and ten minutes".

So says the cook book. But will your range give STEADY heat in ALL parts of the oven-front, sides and back--for an hour and ten minutes? Potatoes can be baked in any old stove, but for FINE BAKING it is well well to remember that ABORN RANGES are AMERICA'S BEST BAKERS.

Then the ACORN HOT BLAST FIREBOX saves fuel by burning gases--smok--that escape unburned from the ordinary firebox, and is the greatest improvement for perfect baking in modern range making. It saves enough coal to pay for the range in three years.

I have placed Pilgrim Acorn Ranges in some of the finest homes in Great Bend, ask your neighbor how she likes hers. Read the Acorn Guarantee.

COMING TO GREAT BEND

Kansas City Specialist,
DR. REA,

Will Be At Kendall Hotel, Wednesday,
October 13th. One Day Only,
Returning Monthly.

Remarkable Success of This Talented Physi-
cian in the Treatment of Chronic
Diseases Offers His Services
FREE OF CHARGE!

The Kansas City doctor, licensed by the state for the cure of deformities and all nervous and chronic diseases of men, women and children, offers to all who call this trip, consultation, examination, advice free, making no charges whatever, except the actual cost of the medicine. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality that at last treatments have been discovered that are absolutely sure and certain in their effect.

This doctor is considered as America's leading stomach and nerve specialist, and is an expert in the treatment of all chronic diseases, and so great and wonderful have been his cures that in many cases it is hard indeed to find the dividing line between human skill and miracles.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys or bladder, rheumatism, sciatica, diabetes, bedwetting, leg ulcers, epilepsy, weak lungs, and those afflicted with long standing, deep-seated chronic diseases that they have baffled the skill of the family physician, should not fail to call.

MOST WONDERFUL CURES.

No more operations for appendicitis, gall stones, tumors, goitre or cancer. He was the first in America to earn the name of the "Bloodless Surgeon," by doing away with the knife, with blood and with all pain in the successful treatment and cure of these dangerous diseases.

If you have kidney or bladder trouble bring a two ounce bottle of your urine for chemical analysis and microscopic examination.

Deafness often cured in sixty days.

No matter what your ailment may be, no matter what others have told you, no matter what experience you may have had with other physicians, sanitariums or patent medicines, if you want to get well again, it will be to your advantage to see him. God Have it forever settled in your mind. If your case is curable, he will treat you, if incurable, he will give you such advice as may prolong your life. Do not put off this duty you owe yourself or your friends or relations who are suffering because of your sickness, as a visit this time costs you nothing and may save your life.

Remember this free offer is for this trip only.

Married ladies must come with their husbands and minors with their fathers.

Remember the date.

The work of improving the streets in Great Bend is being pushed right along, and it will only be a short time now until Main street will have a fine concrete walk sixteen feet wide on both sides of the street from Lakin avenue to Broadway, and the street grades established and smoothed up in good shape. It is quite likely that Forest avenue from Main to Williams street will be paved with brick, and it is only a matter of time until the other streets in the business section at least will be treated the same way. A gentleman in the city Monday who has not been here before in about eighteen months remarked that he did not know of another town in the state where so many solid, substantial improvements had been made in the same length of time, and thought that the town presented as fine an appearance now as any of them.

Speaking of the ideas that some of the eastern people have in regard to

conditions in this section of the west, the writer happened to be in Pennsylvania a few years ago and got into a conversation with a policeman one evening in a town of twenty thousand people. The writer remarked that the officer did not have any sick such as most officers in the cities carry, and asked about it. The officer told him that he had a "billy," and shook a little dinky one out of his coat sleeve. On being told that the night men in St. Louis wore a good big locust in a belt, the eastern officer remarked, "yes but then those fellows have to fight Indians and cow boys every day or two, while we have nothing worse than a riot of drunken steel workers once in a while."

Cochran-Buchanan

W. A. Buchanan and Miss Elizabeth Cochran were married Saturday night, Sept. 25th at the Methodist parsonage by Rev. Cockerill, in the presence of a few immediate friends.

What are You Waiting For

There is no investment equal to a land investment. You probably intend to invest your money in land. Why not do it now? Do you expect land to become any cheaper? Judge the future by the past; but with prospects for the fastest advance in prices you have ever seen.

If you have but a small amount to invest do it now it will buy you more land today than it ever will again.

If you have the money to invest do it now, it is the safest investment, and your money will buy more land today than it will ever do again.

We have good bargains, take them now or you will see some one else make the money you could have had.

We have land to sell in Mexico, Texas, Kansas, and any part of the United States you want
